

Closer In To You

(Words & Music ©James Suart)

[Verse 1]

This love that we got -
Sometimes cool, sometimes not
But Baby you're everything that I need (yes)
And everything I could want you to be (yes)
And soon you'll discover what I've known all along
That we just can't go wrong...

[Chorus]

That's what I'm gonna prove
I've got the sweetest love for you
That's what I'm gonna do
When I get closer in to you

[Verse 2]

This thing that we have -
Makes me cry, makes me laugh
Coz I'm keeping a secret I want to share (yeah yeah yeah)
Coz it won't be long girl, 'til we get there (yeah)
And then we'll be lovers, coz you and I belong
Our love will be so strong...

[Chorus]

[Middle 8]

There must be things we still won't know
Just hold my hand now, don't let go
Stay with me on this magic ride
All my life...

[Instrumental]

[Reprise]

And then we'll be lovers, coz you and I belong
We just can't go wrong...

[Chorus to fade]
