

Just No Easy Way

(Words & Music ©James Suart)

[Verse 1]

I've been waiting, oh - for the moment to arrive
Now I know it's here tonight
Coz we've been loving so good, for so long
It just had to go wrong, somehow (and now...)

[Chorus]

I've got something to tell you but I don't know what to say
I wish that I could find some other way
I can't think how to tell you but it's written in my eyes (I guess there's...)
Just no easy way to say goodbye

[Verse 2]

I've been searching, oh - for the reason things broke down
All the whys and wheres and hows
Seems we drifted too far apart
From each other's hearts and now (I guess I...)

[Chorus]

Really have to tell you, I think you ought to know
That you and I have nowhere left to go
And I don't mean to hurt you but I can't keep this inside (I guess there's...)
Just no easy way to say...

I've got something to tell you, which you won't understand
Coz I don't have the words at my command
It's so damn hard to tell you when I look into your eyes (I guess there's...)
Just no easy way to say goodbye

[Instrumental]

[Chorus]

I've got something to tell you but I don't know what to say
If only I could find some other way
I can't think how to tell you but it's written in my eyes (I guess there's...)
Just no easy way to say...

I've got something to tell you, which you won't understand
Coz I don't have the words at my command
It's so damn hard to tell you when I look into your eyes (I guess there's...)
Just no easy way to say...

Just no easy way to say, just no easy way to say...

Goodbye, goodbye, goodbye
